1:00 – 3:00 p.m. - Session 2

3:00 – 3:30 p.m. – Distribution of CEU Certificates

Online Registration Begins on Mar. 18, 2013 at 8:00 am and ends on Mar. 29, 2013 at 5:00 pm

Register at: <http://afaspringworkshop.eventbrite.com>

For questions call: Sharon Murner, 937-836-5248, 9:00 am – 9:00 pm

Cancellations must be received by April 5, 2013

Due to the expense of the AFA Workshops, people who fail to attend without the courtesy of notification will be placed on the waiting list for future workshops. As many districts have requirements for professional development, AFA workshops have long waiting lists due to limited space.

Walk-in registrations will not be accepted

Continuing Education Units sponsored by Wright State University

A certificate for Professional hours will be granted at the conclusion of both sessions

For information on qualifying CEU's for your district, contact your LPDC

Session 1 Workshops

9:30 a.m. – 11:30 p.m.

Choose 1

1A: SMARTBoard Lessons for K-8 Teachers

Presented by: Fairborn City Schools staff

This presentation will give participants the skills needed to develop powerful, interactive lessons designed to motivate their students. Participants will have the opportunity to interact with the SMARTBoard. **You may not sign up for both SmartBoard sessions.**

1B: Ready...Aim....Click!

Presented by: Bill McCuddy

Basic Photography for Teachers will explore photography with a historical overview, a look at its uses, especially in the teaching environment and thoughts on where the technology is headed in the future. **Participating teachers are encouraged to bring their own digital cameras to the class as we will be doing some "hands on" exercises in the second half.** We will look at how to effectively do individual portraits, group shots, close-up photography and action shooting to name a few. In addition we will look at "digital darkroom work", the use of Photoshop type software to get the most out of your images. Bring your own laptop (fully charged and don't forget the camera cords).

1C: Hand fishing with iPads

Presented by: Pam Gayheart

We encourage you to bring your own iPad (fully charged) so you can learn the basics of getting around and moving things on your iPad. We will look at the basic software, talk about where to find Apps, what makes a good App and a few outstanding Apps you just need to catch for use in your classroom.

Session 2 Workshops

1:00 p.m. – 3:00 p.m.

Choose 1

2A: SMARTBoard Lessons for High School Teachers

Presented by: Fairborn City Schools staff

This presentation will give participants the skills needed to develop powerful, interactive lessons designed to motivate their students. Participants will have the opportunity to interact with the SMARTBoard. **You may not sign up for both SmartBoard sessions.**

2B: Completing the Circuit

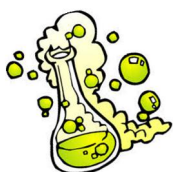

Presented by: Heidi Steinbrink

Looking for activities to help teach the basics of circuits and electricity? Then this is the session for you. With a focus on grades 5-9, you'll learn effective ways to teach electrical basics through hands-on and inexpensive materials. All of the activities can build upon each other or can be stand-alone depending on your classroom needs. Walk away with a number of inquiry based activities that will allow your students to construct their understanding and complete the circuit!

2C: The Eeeewww Factor

Presented by: Amanda Spirk

Let us help you turn science from "Borrrring" to "Eeeewww, Cool". We'll take a look at science activities with the %eeewww+factor that you can use in your classroom. Bring your own gloves and apron!
